

Captain Kawasaki 750 sxi - 800 SXR powered.

- * 750 sxi Kawasaki with 820 SXR engine.(Captain Kawasaki) Used about 7-10 times.
 - * Full reinforcement of stock hull and top deck (internally in the crown area and sides and nose) (externally at the bulk head area on sides).
 - * Fuzzy Foot holds (double both sides for goofy or regular foot guys) With foot straps.
 - * reinforces foot tray area (kevlar carbon highbred woven) so feet don't go through the top deck. (done it before, more than once)!
 - * inserts glassed over for footstraps.
 - * 3 layers of Hydroturf rubber tray mats in impact areas with extra kicker layer. Sides also (all custom fitted).
 - * no hole in rear tray to keep rubber whole. (special stainless steel eye underside of bond flange for toeing Yamahas :)
 - * Reinforced top and bottom areas of stock handle pole. (very thick and strong).(billet bearing steering).
 - * Drainage plug at rear of ski for rinse outs and flushing.
 - * Drain tube between gas tank area and engine area inside boat so water drains to back.
 - * Custom painted by Fuzzy and wrapped Captain Kawasaki graphics tweaked by Fuzzy and made custom to match big brother boat.
 - * Metallic green with silver metal flake, Kustom Kolors shimron pearl blue and red solid.
 - * custom installed 60mm up sized exhaust tubing all throughout hull to exit at rear (increased horsepower).
 - * special custom built water box by Fuzzy for increased horsepower (dyno tested).
 - * Electrical box moved forward for clearance with oversized exhaust outlet and easy wash-up behind box.
 - * Custom ride plate (pump cover) for surf riding, with scoop grate.
- * Skat trak (internal sleeve magnum pump, big center hub) 9/17 impeller.
- * 820 SXR engine with special head (stock looking) low compression (premium pump gas 91-92 octane)
 - * advanced timing. (stock electrical)
 - * Engine not yet broken in. (Freshly rebuilt)
 - * Stock 800 dual carbs with Vortex carbon reeds and cages.
 - * 750 stock looking pipe on 800 engine (tuned with waterbox and tubing). Runs very well and reliable for hours of surf riding.
