INSTALLATION INSTRUCTIONS

PART NUMBER WR 516

**WORX SPONSONS
POLARIS SLX PRO**

**IMPORTANT: READ ALL INSTRUCTIONS BEFORE PROCEEDING WITH
INSTALLATION**

Tool necessary for installation:

Large Star Screwdriver.
1 x Tube of Silicone

Parts Supplied :

2 x **Worx** Sponsons
2 x Side Rails
4 x ¼" x ¾" Bolts
8 x ¼" x 1 ½" Bolts
8 x Flat Washers

- 1 Remove stock sponsons, wipe clean and remove any old silicone or loctite from hull.
- 2 Fill threaded inserts with silicone and apply a bead of silicone around the edges of side rails. Rails are tapered to fit hull. Make sure that you fit with the shaped end facing forward.
- 3 Fit a ¼" x ¾" bolt in the two front holes in each side as the **Worx** sponsons only use the rear four mounting holes.
- 4 Fit side rails and sponsons to hull using the ¼" x 1" bolts and flat washers. The bolts go through both the sponsons and the side rails.
- 5 Wipe off excess silicone with a damp cloth. Allow a full 24 hours for silicone to cure before riding.
- 6 To adjust sponsons remove bolts (silicone will hold the side rails in position on the boat). Adjust to suit your riding style
 - First set of holes for recreational and novice riders
 - Second set of holes for experienced riders and racers only.

You may also change the position of the sponsons along the length of the both if you wish, some riders prefer to mount the sponsons one hole forward from the rear of the hull.

Cont. on back

- 7 Retighten sponsons after approximately 15 minutes riding and when you decide on the best position for you apply loctite to the mounting bolts.

Warning: These sponsons will vastly improve the turning capability of your boat take time to get used to them before you attempt any hard cornering

Thank you for purchasing **Worx Racing components** products. We firmly believe that **Worx Racing Components** products are among the finest watercraft parts available. A great deal of time and effort has gone into the design and development of this product to ensure that it will perform to the highest standard and that installation is a relatively straight forward and simple procedure.

If you have any questions or comments on the performance and/or installation of our products please contact us at the numbers listed on page one or through your local **Worx** dealer
