INSTALLATION INSTRUCTIONS

PART NUMBER WR 554: WORX RACE SPONSONS YAMAHA FZR, FZS

IMPORTANT: READ ALL INSTRUCTIONS BEFORE PROCEEDING WITH INSTALLATION

Tool necessary for installation:

- 12mm Socket Wrench
- 1x Tube of clear silicone
- 1x Tube of Red Loctite
- 1x 5/32 Allen key

Parts Supplied:

- 2 x **Worx** adjustable sponsons
- 2 x Side rails
- 12 x 1/4" x 1 1/2" Button head bolts
- 12 x 1/4" x 3/4" Flat washers
- 10 x 8mm x 30mm Hex head bolts
- 10 x 8mm x 19mm Flat washers

1. Remove stock sponsons: Using the 12mm Socket Wrench remove the 5 x 8mm bolts from each sponson, clear all excess silicone from behind the OEM sponsons.
2. Apply a bead of silicone around the edges of the side rails, and around each of the mounting holes (five on each side).
3. Fit the side rails to both sides of the boat using the 10 x 8mm x 30mm bolts and the 10 x 8mm x 19mm flat washers. Tighten using the 13mm the socket wrench. Worx Racing's WR554 sponson allows the backing rail to be adjusted according to your riding style. Stock setting is the lower set of mounting holes. To increase stability and help eliminate chine walking, use the top mounting holes of the backing rails.
4. Fit the sponsons using the remaining 14 x 1/4" x 1 1/2" bolts with the 14 x 1/4" x 3/4" flat washers supplied (start all of the bolts into the side rails before tightening).
5. Adjust the blades according to your riding style: These paddles are adjustable in height, most riders will prefer the setting in the down position for the most aggressive performance.
6. After riding for about 15 minutes check that your sponson bolts are tight and when you have decided which position best suits your riding style it is recommended that you apply a layer of silicone between the side rails and the sponsons and also apply red loctite to the mounting bolts. **Regularly check that the sponson fixing bolts are tight. The first hour is crucial.**
7. **Warning:** These sponsons will vastly improve the turning capability of your boat take time to get used to them before you attempt any hard cornering

Thank you for purchasing **Worx Racing components** products. We firmly believe that **Worx Racing Components** products are among the finest watercraft parts available. A great deal of

time and effort has gone into the design and development of this product to ensure that it will perform to the highest standard and that installation is a relatively straight forward and simple procedure. If you have any questions or comments on the performance and/or installation of our products please contact us at the numbers listed on page one or through your local **Worx** dealer.
